

REMARKS

It has come to the attention of Applicants that the Aberg Declaration executed on June 6, 2003 and filed on July 25, 2003 contained an error. Specifically, in the Table on page 15 of the Aberg Declaration, the data for the number of sedated animals to whom racemic norketotifen was administered was incorrectly reported. A further Aberg Declaration is submitted herewith correcting the error.

Reconsideration and allowance are respectfully requested in view of the foregoing.

Respectfully submitted,

Kevin S. Lemack
